

Coronavirus can make me ill.

I need to stay at home just now.

I can't go to school.

This is to stay safe.

I might feel happy,

I might feel sad,

I might feel angry,

or even worried.

I might not see my friends or teachers for a while.

They are staying safe too,

I might still do work at home.

I will wash my hands lots and cover my mouth if I sneeze.

I will go back to school when it's safe.

It will be OK
